HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. The frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Adulterated Flour.

It is now generally acknowledged that many unscrupulous millers mix corn flour, corn starch, and the refuse of sugar refineries with their flour in order to enhance their profits. Some of these ingredients are positively injurious as food, and contain no nutritive properties whatsoever. We do not wish as yet to mention names, but it has been proved by competent analysis that more than one mill selling flour in Paris has been detected in selling blended flour. We unhesitatingly guarantee that every sack of flour, of whatever grade, that goes from our mill is pure wheat product. Our mill is open to inspection at any time and we have no machinery for making blended flour as many mills have.

If you want to be sure that you are buying good, pure, wholesome flour, buy that made by us which is sold by all leading grocers.
